

WEDNESDAY, JUNE 7.

HON. JAMES A. MCKENZIE sailed last Thursday for his ministerial post in Peru.

It is estimated that European visitors to the World's Fair will supplement our gold over \$100,000,000.

The Caneyville Herald, a neatly published and well edited paper by L. C. Newman, is the latest addition to our exchange list.

All the row that has been kicked up over the removal of the Capital seems to have died out and we still direct our Governmental affairs from the same old stand. Don't forget the place.

The most conspicuous and most interesting foreign visitor to the World's Fair so far was the Duke de Veragua, Admiral of the Indies, who is a lineal descendant of Christopher Columbus.

As the State now stands there are twelve applicants for the Collectorship in the Second Kentucky District, any one of whom will do credit to his party and constituency and faithful and efficient service to the Government.

All you good people who have thought the Spanish Princess who is being so royally entertained by his Honor Uncle Sam, is just a mere Spanish brat because she is called the Infanta, may disabuse your minds, because she is a full grown woman with a husband and a four year old boy at home.

EX-SECRETARY FOSTER, of Ohio, who made an assignment some days since, has effected a compromise with his creditors at 50 cents on the dollar. His liabilities have been fixed at \$1,000,000. No wonder the Treasury is a little shaky when we stop to think that a man of his financial calibre and business tact had control of the Treasury Department for four years.

The amount of money sought to be collected by U. S. Collector A. M. Capps to satisfy the judgment of the Evansville Bank, having been paid, Collector Capps, Marshal Blackburn and his seventy deputies returned to Louisville last Wednesday night. The judgment was for \$5,000 in round numbers, but the cost of the suit and the expenses of the posse and the cost of maintaining the few days Capps' body guard was there, ran the total up to \$10,000. Just what the final outcome will be, is hard to conjecture. If the whole debt and interest be demanded of the county and there can be no compromise effected, it will take something like a half million dollars to pay it. The good people over there can do no more than wait and hope for the best.

**ROPE NEEDED.**  
The long lost and much advertised Kentucky girl, Miss Sallie Moore, who furnished seven-day sensations for New York and Pittsburgh, has returned to her home in Crittenden county, accompanied by a baby and a claim of \$10,000 damages against Lawrence Cruce, a wealthy young farmer neighbor. From the quality, if not from the quantity, of the romance this denouement detracts at least 99 per cent. (Courier-Journal).

Yes, she ought to have a judgment from the highest court in Crittenden county for enough rope to break the scoundrel's neck. And more—the newspaper that will refer to the above in the light, careless manner that the C-J. does, lowers and degrades the profession of the newspaper business, insults the purity of our womanhood, the memory of our dead mothers, and encourages libertines and scoundrels in desecrating our pure and happy homes. O, for an elevated plane on which Kentucky newspapers may stand.

Memorial Day at Walton's Creek. The decoration exercises at Walton's Creek church near Centertown, were a success. Before leaving home the old soldiers decorated the graves of the Blue and Gray in their respective localities and reported same at this general meeting. At 10 a. m. a crowd of five hundred people, old and young, gathered at the church, where A. Lee Rowe, a young man of great promise, delivered the welcome address, which was well done and highly appreciated by all. After the address, the Centertown cornet band rendered a funeral march that was effective and inspiring. John M. Bishop, Commander of Preston Morton Post, No. 4, G. A. R., formed the old soldiers in line in front of the church, and with the flag in front marched to the cemetery where the columns were halted, and Post Chaplain Rev. J. A. Bennett offered a feeling prayer. Then six old soldiers with six fair daughters of soldiers marched through the cemetery, tenderly scattering over the graves of the gallant dead bright, beautiful flowers, and placing at the heads of graves the American flag. These solemn exercises brought tears from the eyes of many and will be long remembered. After this exercise the Commander marched the old soldiers back to the grave in front of the church, where they were disbanded,

and invited by the ladies of the vicinity to one of the most elegant dinners ever served in a grove, and the hospitality there shown will never be forgotten by the old soldiers present on that occasion. After this great feast and social greeting, the crowd assembled in the church, and was treated to an eloquent and feeling address by Hon. R. P. Hoeker, of Beaver Dam. Hon. J. S. R. Wedding was then introduced, and in his happy way entertained the audience for about an hour. His speech will be long remembered by the old soldiers, and especially the part in which he said he hoped the old soldiers of both sides would unite and act toward each other as did those two greatest Generals, Grant and Lee.

Rev. J. A. Bennett made a very touching appeal to his old comrades and was followed by that dear old hymn, "Till we Meet Again." The Centertown band then rendered that world-renowned tune, "Home, Sweet Home," which sent us away with a feeling that it was good for us to be at Walton's Creek on the 30th of May, 1893. We extend to the people of that community our most sincere thanks, and congratulate our committee on arrangements, John M. Bishop, W. P. Reader and Larkin Williams upon their great success.

AN OLD SOLDIER.

**LIVERMORE, KY.**

The Livermore school under the management of Prof. W. A. Poy and wife, closed its successful spring term Friday.

Miss Martha Atherton, who has been teaching at Hillside, closed her school last week. We are informed that she has done splendidly in this her first attempt at school teaching.

A fire here recently destroyed almost one-third of the business part of town. It swept away the entire block lying between Lasbrook's store and R. E. Williams' drug store. The post-office was burned, but the mail was saved. The fire is supposed to have originated from the plans of incendiaries. No insurance was carried on any of the property that I can hear of.

Rufus Williams, Abbeville, left the first of the week for a trip up Green river.

Miss Oma Hoover, Abbeville, was in town this morning.

James Whitehouse, Hillside, went to Calhoun to-day. ST. LEMO.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**MCKENRY, KY.**  
June 5, 1893.—Rev. W. J. Finley, of Morgantown, Ky., held services in the Presbyterian church here last Tuesday and Thursday nights and lectured on "Ben Har" Friday and Saturday nights. All were well pleased with the services and lectures.

Rev. W. V. Boone returned to his home in Springfield, Mo., last Thursday night. His wife is able to be out again. Mr. and Mrs. R. P. Miller, of Owensboro, are visiting relatives and friends here this week. We extend them a cordial greeting and are glad to see their pleasant faces again. Miss Blanche Kelly, who has been in Louisville for some time leaving dressmaking, returned home Saturday night.

After regular Sabbath School exercises Sunday, the programme for Children's Day was taken up by Rev. Mitchell. Instead of the usual sermon, Rev. Finley made a few very pointed and appropriate remarks about the Missionary work. He left for Greenville to-day, having made many friends.

Walter Main's big circus train was wrecked on the Pennsylvania railroad, 5 miles north of Tyrone, Penn., killing six men instantly and wounding 25 others, some perhaps fatally. The animals were unaged and scattered everywhere, but finally recaptured. The wreck was caused by a defective air brake which failed to act, and the train jumped the track at a curve and tumbled down an embankment 30 feet.

On Sunday, the 28th ult., Sam Hightower, section foreman on the new railroad from Owensboro to Horse Branch, while returning from Horse Branch to Olaton, where he lived, was thrown from his hand car, which ran over him, inflicting wounds from which he died the next morning at 2 o'clock. At the time he fell he was on the front part of the car working one of the levers, and while thus engaged his feet slipped and he fell in front of the car while it was yet running at fast speed, and the car ran over him. A physician was sent for and he was conveyed to his home, but never recovered from the shock. His remains were interred near Olaton.

**Literary Note.**  
With a fine sense of appropriateness, Romance presents this month a "Special Scandinavian Number," with a view to temper the heats of June. More than half the contents of this issue are characteristic stories of "the land of the midnight sun" by its most noted writers, such as Bjornson, Royce, Kipland, Sicard, Peter Toff and Anna Wahlberg. The rest of the number is made up of American, English, French and Italian tales, several of which, as especially adapted for summer reading, are delightful love stories. Among the authors here represented are Guy de Maupassant, Lady Lindsay, Julia Schayer, Alphonse Daudet and Prosper Merimee. This periodical comes from Romance Publishing Company, Clinton Hall, Astor Place, New York; 25 cents a number, \$2.50 a year.

OFFICE OF THIXTON, MILLET & CO., Owensboro, Ky., May 5, 1893.  
Mr. J. F. Lee, Rochester, Ky. Dear Sir:—Your letter containing check for \$153.13 received, for which we herewith enclose receipt.

We are sorry, but have given Smith & Wood, Brown & Ellis privilege of selling our goods at that point.

Yours truly,  
THIXTON, MILLET & CO.

The above is a copy of a letter received by the undersigned liquor dealers of Rochester, Ky., from Thixton, Millet & Co., of Owensboro, who claim to be doing a wholesale business. We do not know of any firm, purporting to be wholesale houses within the bounds of the United States that so unjustly discriminate.

We have dealt with Messrs. Thixton, Millet & Co. for a short time, and because a few rival houses of Rochester refuse to deal with the Owensboro firm if we did, they (Thixton, Millet & Co.) refuse to sell us goods.

We are here to stay and to say to our friends and patrons that we keep the best brands of whiskies and brandies and at prices as low as any at Rochester. We have not had to shut our doors because we cannot deal with a certain firm, nor can the Smith & Wood and Brown & Ellis machine keep us from selling the people direct, the best of whisky. Our goods are all straight and we do not deal in rectified brands.

Respy, BUNYAN LEE,  
For Cole & Lee.

## THE CHAMPION MOWER

The greatest novelty for farmers, known as the "noble guard" machine, stands at the head for durability, convenience, light draft, &c. Some important reasons why a farmer should buy the Champion:

1. Less gear and less joints to wear and work loose than on other mowers.
2. Wear or wile motion, whether in journals or gears, easily taken up.
3. It is most substantial and durable.
4. The only mower that the bar will fold down as well as up.
5. The only mower on which the knife will run when the bar is placed in an upright position.
6. There are no clutches or springs to get out of order.
7. The knives motion to the knife without a single joint between the gear and pitman.
8. It is the only mower on which lost motion can be taken up without getting new parts.
9. The oscillating gear moves only one-eighth of an inch on its bearings at each throw of the knife.
10. It is no frame hanging down to come in contact with obstructions.
11. The tedder has no swaying motion, but moves in a straight line.
12. It is wide tread, light draft, powerful and easy cutter.

Come and see us before buying. We can save you money on Machines and Rakes. We get them both in car lots and are ready to do better by you than others can.
